Ceiling Fans

MODERN FORMS **ULTRA Smart Fan**

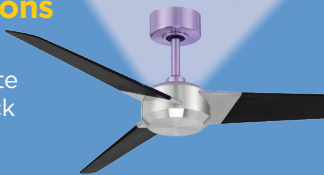

ULTRA creates a safer sanctuary using a patent pending system that combines a powerful Ultraviolet-C (UV-C) LED module that irradiates the air with an efficient ceiling fan that circulates the air from the occupied spaces to the unoccupied upper reaches.

An independent CAP (College of American Pathologists) and CLIA (Clinical Laboratory Improvement Amendments) accredited lab, Innovative Bioanalysis found that with the UV-C LED module enabled and the fan operating in the standard forward rotation at the highest speed setting, lab tests showed 99.99% reduction of SARS-CoV-2 virus in the breathable air space after just 30 minutes of operation of the ULTRA in a closed 8'x8'x10' room!

ULTRA is a designer ceiling fan, crafted with stainless steel hardware and ABS blades and with a damp location rating for use in covered outdoor spaces. ULTRA includes a Bluetooth remote and a powerful DC motor that keeps things running smooth, quiet, and 70% more efficient. Connect with the Modern Forms app from anywhere in the world to operate ULTRA, create schedules, or integrate seamlessly with leading smart home devices using voice command and advances in automation.

Product Specifications

- **Finishes:** brushed nickel housing with matte black blades, matte black housing and matching blades, and matte white housing with matching blades
- **Airflow on high:** 5172 cubic feet per minute (cfm)
- **Fan efficiency:** 168 cfm/W
- **Power factor:** 0.94
- **Blade span:** 54" (diameter)
- ENERGY STAR® Most Efficient
- **UV-C peak wavelength:** 275 nm
- **Connected Protocols:** Wi-Fi, Bluetooth Low Energy (BLE)
- **Platform Compatibility:** Google Assistant, Control4, Josh.AI, Amazon Alexa, and Samsung SmartThings, as well as smart thermostats such as ecobee
- **Warranty:** Lifetime on motor, 2-years on parts (exclusive UV-C module, which is recommended to be replaced after 1-2 years)
- **Energy management features:** None
- **Load management features:** None

Available through Modern Forms Dealers.
