

Water Heating

**Rheem®
Maximus™**

The new degree of comfort.®

This high efficiency gas water heater with combined power vent (PV) / power direct vent (PDV) is perfect for larger homes and those who want to save money and never worry about running out of hot water.

Rheem® Maximus™ includes a simple, easy to install tank that fits in tight spaces with flexible venting options and 0" clearance requirements on sides for plumbers. Homeowners can control temperature, adjust mode, view energy usage, and receive leak and service alerts from anywhere with built-in EcoNet Wi-Fi technology and the EcoNet App. Exclusive technology provides tank health monitoring, diagnostics, performance updates, and alerts via both mobile device and full-color LCD display. MaxMode™ gives homeowners the hot water they need in a pinch. Exclusive LeakSense™ Built-in Leak Detection System with available LeakGuard™ Auto Water Shut-off Valve for maximum protection and the Hot Water Availability Indicator avoids cold showers, giving homeowners an unmatched hot water experience.
